

METAL JERRY CANS

**Unique Safety Cap
with Patented Locking Pin**

METAL JERRY CANS & ACCESSORIES

SPECIALTY METAL JERRY CANS

FEATURES

- **All fuel cans** in the Pro Quip range comply with Australian Standard AS2906:2001 and the 20L Metal Jerry cans have also passed stringent Defence Force testing.
- **Deto-Stop®** explosion proof Metal Jerry Cans effectively prevent explosion and detonation of certain flammable liquids or gases.
- **"CARB Compliant"** Metal Jerry Cans, comply with Californian Air Regulation Board regulations with screw cap closure and automatic shut off pourer.
- **The Metal** Jerry Cans are manufactured with a quality Bayonet closure, and pressure tested up to 415KPA to ensure that the can is leak proof in any position.
- **All Pro Quip** Metal Jerry cans with a Bayonet cap feature the World Patented Secondary Safety Pin closure.
- **A unique** 12mm square breather pipe with wide funnel opening in the spout ensures smoother pouring of fuel.
