

PRO QUIP TINPLATE UTILITY CANS

PRO QUIP TINPLATE UTILITY CANS

We have tooled up a 5 Litre Tinplate Utility Fuel Can to compliment our range. The colourful and very distinctive can has been designed with four evenly spaced ribs to provide extra strength to the sidewalls and has been tested in Australia by a NATA laboratory to ensure it meets the UN requirements for the Storage and Transportation of Class 2 & 3 liquids. It comes complete with an internal pourer and child-proof screw cap. A variety of our specialty pourers and spouts can also be used with this can.
