

# LED TRUCK & TRAILER LAMPWARE

LED SIDE MARKER & OUTLINE LAMPS

LED LICENCE PLATE LAMPS

LED COMBINATION & SINGLE LAMPS

## FEATURES

- **LED (Light Emitting Diode) Multi-Voltage Lamps** ensure a uniform level of light intensity at any voltage from 7 to 33 volts, and are fully weather-sealed and submersible to a depth of 50cm.
- **The LED** medium size chip used throughout our rear signal lamps provide more light with lower power consumption, thus producing less heat and providing a longer life.
- **All Pro Quip LED Lamps** are fully ADR/ECE Compliant, ROHS & EMC Compliant and Reverse-Polarity and Transient-Spike protected.
- **The LED Circuit** board has been tested to comply with the internationally recognised "Military Specifications", providing a reliable and durable product.
- **LED Lamps** are manufactured from UV resistant Polycarbonate and have a Common Mounting Footprint with other lamps.
