SOS MICRO MODELS - 12 VOLT

SOS PORTABLE MODELS - 12/24 VOLT

SOS MOBILE MODELS - 12/24 VOLT

SOS BOOSTER OPTIONS

## FEATURES

- **The SOS Booster** is a high performance tool for the discerning customer from a professional manufacturer with the best components on the market.
- **The best** dry battery of the "10-year" type without memory effect, requires no maintenance, is waterproof and can be recharged over 1000 times.
- **The best** extra long 150cm cables are extremely flexible and highly conductive, with 35 or 50mm<sup>2</sup> welding cable and the best high current insulated clamps.
- **The SOS Booster** has unrivalled power even in the worst conditions, from -30°C to +60°C. The rugged 5mm molded Polyethylene case is **GUARANTEED FOR LIFE**.
- **NATO Certified** Boosters to jump start Jeep's, heavy trucks, battle tanks, naval vessels and other engines, as used by the military forces.
- **Our Extensive range** of options and service spare parts provides product flexibility and security for a long-term investment.
