

FLUID HANDLING PERFORMANCE

**#1 IN
FLUID
MANAGEMENT**

High Performance

The ultimate funnel incorporates best in class features AND helps the consumer get the job done quickly and easily. Our high performance funnels include no-mess splash guards, easy grip hand holds, speed channels and wide spout openings for high velocity pouring. Simply put, these funnels set the standard for fluid handling performance.

Task-Specific

FloTool has been the leader in developing innovative funnels that are task specific, making fluid handling easier for the consumer. These include measuring and mixing, fuel control, transmission fluid and more.

Multi-Purpose

Our multi-purpose funnels include valuable step-up features like the no-mess splash guard or flexible spout to get to hard to reach filler holes.
